Future Quest

A summer experience for youth. August 6-20, 2011 at Queens School of Religion, Kingston

An ecumenical program for youth aged 14-17, to explore community, theology, and leadership.

Engage your body, mind, and spirit in an educational community that affirms, challenges, and inspires your life.

The program consists of a two-week summer experience in August followed by a weekend winter retreat the following February. A maximum of 24 participants are admitted each year. A highlight of the Summer Experience is the three day Eco-Spirituality Canoe trip, which takes place in Frontenac Provincial Park.

Whether the participant is an experienced canoe tripper or a first time wilderness adventurer, there is something for everyone on this trip.

It is a chance for youth to learn about religion, spirituality and theology, improve their leadership skills, experience living co-operatively, and have a fun, safe, and meaningful good time!
