The Rural Life Barbeque returns! Plan to attend this feast provided by Muddy's Pit BBQ . Lloyd Wicks will be speaking to us. He and his wife Barbara own and operate Grasshill Farms in Bobcaygeon. Grasshill is a family farm focusing on the development of 'profitable genetics' - meaning animals with the will to work and the type to sustain high production year after year. Lloyd is actively involved in Provincial and Federal Milk Producer Organizations, is presently involved in new export rules that insure the health of dairy animals being exported. His topic for our rural life dinner is "Food Security". Check out the farm's website at <http://www.grasshillgenetics.com/>.

The cost for this event is **\$20.00**

Register by filling out the BBQ Section on the Conference Annual Meeting Registration Form. This event is limited to the first 100 registrants.
